YOW Canada[®]
Inc.
Safety Compliance Made Easy!

YOW Canada Inc.

YOW is a leading provider of occupational health and safety training and materials in Canada. Established in 2001, we've worked hard to become a known and trusted name throughout Canada's Health and Safety Community.

Our courses are all written and developed in-house to ensure accuracy, relevancy and compliance to applicable laws and regulations. Our goal is to help Canadians with safety compliance.

We value customer input and have used it to streamline our training and administration tools. You will find our courses easy to use, dynamic and effective.

Our office is located in Ottawa, Ontario and we're open 9-5 EST, Monday to Friday. During that time, our bilingual staff is available to process your orders, answer your questions and offer technical support.

WHMIS 2015 ONLINE COURSE

Don't forget! All employees need to have updated WHMIS training as of December 1st, 2018.

Anyone who works with or may come into contact with controlled products or hazardous materials on-the-job needs this training.

The Workplace Hazardous Materials Information System (WHMIS) is a hazard communication system which consists of:

- specific labeling of hazardous products,
- Safety Data Sheets which provide details about the products, and
- training of workers so they know how to work safely with these products.

Many workers in Canada use or are exposed to controlled products at work everyday. Some common controlled products may include: cleaning products, degreasers, fire extinguishers, gasoline and more. Check your products.

ABOUT THE COURSE:

This online course is an effective and interactive way to teach WHMIS. WHMIS 2015 is the most up-to-date program which includes GHS implementation.

The course is suitable for introductory training and refresher training. Each trainee receives a certificate of completion.

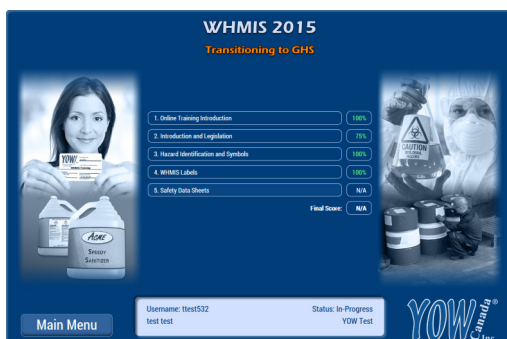

RUNTIME:

Approximately 1.5 hours. Trainees can log in and out of the course as many times as they need, their work is automatically saved. They will be returned to the last page viewed upon re-entering the course.

COURSE CONTENT:

- WHMIS Introduction and Regulations
- Roles and Responsibilities
- Symbols, Classes and Controlled Products
- MSDSs/SDSs and Labels
- WHMIS 2015 - GHS Implementation
- Interactive Exercises, Tests and Certificate of Completion

- ☑ Desktops and Laptops
- ☑ Smartphones and Tablets

QTY	PRICE (per trainee)

THE 10 TRAINEE
BUNDLE!**

WHMIS 2015 VIDEO TRAINING

If online training is not an option for you, video training may be the answer! With this product, you can perform the training yourself in-house one-on-one or in groups.

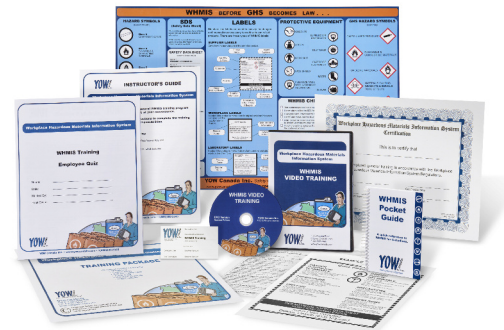

10 TRAINEE BUNDLE

WHMIS 2015 is the most up-to-date program which includes GHS implementation.

This option provides you with everything you need to train up to 10 people.

The 10 Trainee Bundle consists of:

- WHMIS 2015 DVD
- 1 Large WHMIS 2015 Poster
- 1 Instructor's Guide, with answer key and tracking form
- 10 Training Packages, each including:
 - Quiz
 - WHMIS 2015 Pocket Guide
 - Example Labels and MSDS/SDSs
 - Certificate of Completion (wall mount and wallet size)

DVD Bundle
Product ID: yow025
Price: \$399.95

CUSTOM PACKAGE

If you have more than 10 people, then this "Custom" package is ideal for you.

The custom package consists of two parts: the WHMIS Training DVD plus however many Training Packages you need.

1 Large WHMIS poster and 1 Instructor's Guide included with every WHMIS 2015 DVD purchase.

IMPORTANT: The WHMIS Video must be purchased with at least one Training Package. Training Packages are copyright protected and may not be reproduced or photocopied.

WHMIS 2015 REGULATIONS BINDER

This newly updated guide to the WHMIS Regulations is a consolidation of the Acts and Regulations that make up WHMIS 2015.

It will help you better understand WHMIS 2015 and how to be in compliance.

This guide is an excellent resource for any company whose employees work with or near controlled products, or where WHMIS applies.

CONTENT includes relevant excerpts from:

- Canada Labour Code, Part II: Occupational Health & Safety
- Canada Occupational Health & Safety Regulations, Part X: Hazardous Substances
- Hazardous Products Act
- Hazardous Products Regulations
- List of provincial & territorial regulations and governing bodies, including contact information

WHMIS 2015 REGULATIONS BINDER UPDATE SERVICE

Product ID: yow035

Price: \$59.⁹⁵ / year

Make sure you have the most up-to-date version of your WHMIS 2015 Regulations Binder with this annual update service.

With this annual update service, you will receive all amended pages via mail or courier as soon as they are available.

TRANSPORTATION OF DANGEROUS GOODS

These courses are designed to give trainees the required knowledge of the Transportation of Dangerous Goods Clear Language Regulations. The courses cover the regulations for ground transport within Canada and are based on the employee's job function.

The Transportation of Dangerous Goods regulations state that training certificates expire after 3 years (from the date of certification). There are exceptions to this rule:

1. if there are changes to the TDG regulations,
2. if the trainee's job description changes,
3. if the trainee changes employers

For more information on the TDG regulations, please visit the Transport Canada website at www.tc.gc.ca

TDG ONLINE COURSES

ABOUT THE COURSES: These online courses fulfill general TDG training requirements established by Transport Canada for ground transport and teach employees how to comply with the TDG Regulations.

Courses are based on job function and each trainee receives a TDG Certificate, valid for 3 years.

RUNTIME: Approximately 3 - 4 hours.

AVAILABLE COURSES:

PRODUCT ID:

- TDG for All Workers (bilingual) yow016
- TDG for Drivers (bilingual) yow017
- TDG for Shippers/Receivers (bilingual) yow013

With this annual update service, you will receive all amended pages via mail or courier as soon as they are available.

WORKING AT HEIGHTS IN ONTARIO

This is Ontario's first blended Working at Heights program which is a combination of 'online' and 'classroom' training. YOW Canada's Working at Heights (WAH) course complies with the Ontario Ministry of Labour's (MOL) Working at Heights Program Standards. YOW Canada is an approved MOL training provider.

As of April 1, 2015, Ontario workers who are required to use fall protection equipment on 'Construction Projects', must complete an MOL approved Working at Heights (WAH) training program. If you don't have the training, you may be subjected to a 'fine' or could be 'ineligible' to work on the jobsite.

Alternatively, for any other workers who work in other Provincially or Federally designated 'sectors', YOW's Fall Protection (FP) training course continues to be valid and available.

ABOUT THE COURSE:

This comprehensive WAH program is an effective and interactive way to keep you and your employees up-to-date with Working at Heights training requirements for construction projects in Ontario. Our program delivers:

Part 1 Theoretical (3.5hrs):

Basic Theory online (E-Learning) using multiple delivery methods (audio, text, video, interactive, etc.) to improve learner engagement (3.5 hours done online at the learner's pace).

Part 2 Classroom Training (4.5 hrs):

Practical Training is delivered in the classroom to provide workers with the hands-on, practical experience for working safely at heights.

The Part 2 classroom date and location are selected when activating the course. The Part 1 (online) session must be completed by the trainee before attending the Part 2 classroom session.

QTY	PRICE (per trainee)
1-9	\$169. ⁹⁵
10-49	\$159. ⁹⁵
50-99	\$149. ⁹⁵

- Desktops and Laptops
- Smartphones and Tablets

Visit www.yowcanada.com/WAH to download the order form.

WORKING AT HEIGHTS IN ONTARIO TRAIN-THE-TRAINER PROGRAM

This 2-day Train-the-Trainer (TtT) program provides you with the resources and instructional methods needed to become an effective WAH Training Provider. Save time and money by using YOW's MOL approved WAH program for your own submission to become an approved Ontario blended learning WAH Training Provider.

WAH blended learning delivery is ideal for Trainers that prefer spending classroom time on demonstrating practical topics, like how to correctly use and inspect personal protective equipment. YOW's program will teach Learners the Basic Theory topics online before they come to you for the Part 2 Practical training.

Blended learning is also a good option for Trainers that have a large number of clients that need to be trained - reducing classroom training time from approximately 8 hours to 4 hours allows Trainers to deliver more classes.

Blended learning delivery is ideal for Trainers working with Learners that are comfortable with online training. Studies have shown that 84% of learners prefer blended learning to just classroom training.

\$999.⁹⁵ each!

Product ID: yow043

ABOUT THE COURSE:

The TtT program consists of 2 days:

Day 1: You will observe a WAH class delivered by an experienced YOW Canada Instructor.

Day 2: You will attend the TtT session where YOW will:

- Coach you how to deliver the WAH program to Learners. Trainers will be given a step-by-step lesson plan.
- Explain the MOL's Training Provider Application process, so you have a clear understanding of what to expect after you submit your application.
- Assist you with completion and submission of your own Training Provider Application before leaving at the end of Day 2! YOW will audit each application before it is submitted to ensure all the requirements have been met.
- Provide tips and guidelines to give you the best chance of passing the MOL Field Assessment.
- Demonstrate how you can use YOW's systems to significantly reduce the time you spend managing Learner administration and the documentation required by the MOL.
- Coach you how to market "WAH blended learning" to improve your sales.

You will also be signed up for the Part 1 (Online) portion of the Working at Heights Course to complete before attending your Day 1 classroom training. This will give you a full understanding of what is taught and how the blended learning program works.

Your TtT instructor will also be your Assessment Coach and will be available to support you any time before or after the course.

RUNTIME: 2 days.

Visit www.yowcanada.com/WAH to download the order form.

FALL PROTECTION

Fall hazards are dangerous in the workplace and employees working near these hazards need to have adequate knowledge and training to work safely. YOW's Fall Protection Online Course is general training that covers the legislation, how to recognize fall hazards and how they are addressed.

FALL PROTECTION ONLINE COURSE

ABOUT THE COURSE: This course will teach you and your employees how to work safely around fall hazards. Each trainee receives a certificate of completion.

Combined with some on-site, hands-on training, this course is suitable for 1st time and 'refresher' training.

RUNTIME: Approximately 3 hours.

COURSE CONTENT:

- Fall Protection Introduction & Regulations
- Hazard Elimination & Fall Prevention
- Fall Arrest
- Emergency Rescue
- Interactive Exercises, Tests and Certificate of Completion

Offered in English and French

IMPORTANT: Additional site specific training is required and can be added to the training certificate by the employer.

This training is no longer suitable for those working in Newfoundland/Labrador and the construction sector in Ontario.

CONFINED SPACE AWARENESS

Confined spaces are dangerous and are found in many workplaces including construction sites, municipalities, hospitals, factories and others. Employees need to know the regulations and how to work safely in and around confined spaces.

CONFINED SPACE AWARENESS ONLINE

ABOUT THE COURSE: YOW Canada's Confined Space Awareness course is considered a level 1 course. That means it's an awareness course that teaches employees the hazards of confined spaces and basic information on working safely with and around confined spaces. Most employees will require additional training that teaches them more about their specific role in the confined space. Each trainee receives a certificate of completion.

RUNTIME: Approximately 2 hours.

COURSE CONTENT:

- Confined Spaces Introduction and Regulations
- Hazards of a Confined Space
- Pre-entry Requirements
- Entering a Confined Space
- Interactive Exercises, Tests and Certificate of Completion

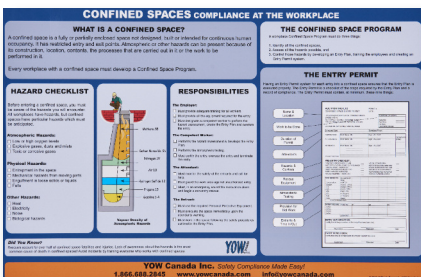

IMPORTANT: This is a Confined Space Awareness course. Additional hands-on and practical training is also required for some workers.

- Hazard Assessment & Control Program
- Responsibilities & Hazards
- Personal Protective Equipment Symbols
- The Entry Permit
- The Coordination Document
- On Site Rescue
- Ventilation
- Complete Glossary
- Confined Space Checklist
- Notes area

WORKPLACE VIOLENCE & HARASSMENT ONLINE COURSE

Workplace Violence and Harassment is a critical health and safety issue in workplaces across Canada. Employers must develop safe work policies and provide employee training. Employees must understand the workplace violence and harassment policies and work with the employer to prevent or eliminate the risks and hazards.

ABOUT THE COURSE:

This course will teach you and your employees how to identify the warning signs and take appropriate actions to reduce/eliminate violence and harassment in the workplace.

RUNTIME: Approximately 2 hours.

COURSE CONTENT:

- Workplace Violence and Harassment (WVH) Introduction & Regulations
- WVH Identified
- WVH Prevention and Strategies
- Responding to WVH Incidents and Overview
- Interactive Exercises, Tests and Certificate of Completion

ONTARIO HEALTH & SAFETY AWARENESS ONLINE COURSE

Under the Occupational Health and Safety Awareness and Training regulations of the Ontario Occupational Health and Safety Act (OHSA), all employers in Ontario must ensure that their Workers and Supervisors complete a basic health and safety awareness training program. This course meets this requirement.

Two versions offered: Worker and Supervisor

ABOUT THE COURSE:

This course explains your rights and responsibilities as a Supervisor or Worker on the job in Ontario and what the province's Occupational Health and Safety Act (OHSA) requires from workers, supervisors and employers.

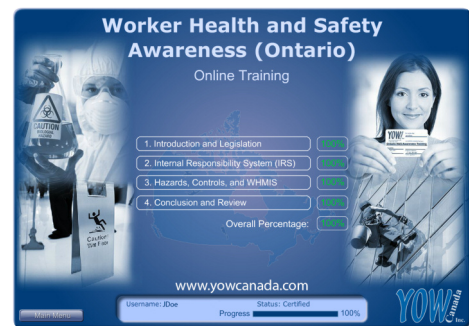

RUNTIME:

Ontario Workers: Approximately 1 hour.

Ontario Supervisors: Approximately 1.25 hours.

COURSE CONTENT:

- Introduction & Legislation
- The Internal Responsibility System (IRS)
- Hazards, Controls & WHMIS
- Conclusion & Review
- Interactive Exercises, Tests and Certificate of Completion.

COURSE ADMINISTRATION FOR ONLINE TRAINING

Track Employee Training Effortlessly!

At YOW Canada, each client receives access to a Course Administration site. With this tool, you can manage training records from any computer with an internet connection. Every Account Supervisor has a unique username and password to securely login to his/her Course Administration site.

Don't Lose Control of the Training!

This Course Administration site gives you access to all the information you need to properly track each employee's progress and training.

FEATURES:

- View all employees and course(s) they are registered for.
- Check employee status (In-Progress, Certified etc.).
- Activate new accounts instantly.
- Re-register expired trainees.
- Review answers to tests & final grades.
- Track certification and expiry dates.
- View and print certificates.
- Assign groups based on job function, location etc.
- View or email your password list.
- Send notification emails & reminders to employees.
- Update employee names if necessary.

EXAMPLE COURSE ADMINISTRATION SITE:

Do you need to update your contact information? Please contact us by phone at 1.866.688.2845 or email at info@yowcanada.com.

Buy NOW, Train ANYTIME!

Not all employees need the training right now?

No problem! Pre-purchase the courses now and simply activate a course once an employee's training date comes up. Once activated, trainees can start their course immediately.

There are NO expiry dates for pre-purchased courses. You can take as long as you need to use these courses. This is a good way to take advantage of volume discount pricing.

Visitez www.yowcanada.com pour acheter vos formations et matériaux supplémentaires. C'est si facile!

Visa, Amex, and MasterCard

PAR TÉLÉPHONE

Appelez-nous, sans frais, au 1.866.688.2845 et placez votre commande avec un de nos représentants.

PAR TÉLÉCOPIEUR OU COURRIEL

(VOIR LA PROCHAINE PAGE)

SVP remplir le formulaire ci joint et l'envoyer à 1.613.248.0711 ou info@yowcanada.com.

Lorsque votre commande sera placée, l'information va vous être envoyée par courriel par la suite.

CLIENTS EXISTANTS

Si vous avez déjà un compte avec nous, n'hésitez pas de connecter à votre site d'administration pour placer votre commande.

Achetez MAINTENANT, formez N'IMPORTE QUAND!

Vos employé(e)s n'ont pas tous besoin d'être formés à ce moment? Pas de problème! Achetez les formations maintenant et activez-les quand un employé(e) est prêt pour suivre la formation. Lorsque la formation est activée, le stagiaire peut commencer immédiatement.

Il n'y a PAS de date d'expiration pour utiliser des formations préachetées, vous pouvez donc prendre aussi longtemps que vous désirez pour les activer.

SITE D'ADMINISTRATION POUR FORMATIONS EN LIGNE

Tenir compte de vos employé(e)s est facile!

À YOW Canada, chaque client(e) reçoit un site d'administration personnalisé. Avec cet outil, vous pouvez tenir compte des records de formations avec n'importe quel ordinateur qui a accès à Internet. L'administrateur du compte a un identifiant et mot de passe unique pour avoir un accès en toute sécurité à leur site d'administration.

La formation en ligne ne veut pas dire que vous perdez contrôle!

Ce site d'administration vous donne un accès complet à toute l'information que vous avez besoin pour tenir compte de vos employé(e)s et de leurs progrès en tout temps.

Ceci inclut:

- Tenir compte de tous les employé(e)s enregistré(e)s pour la formation en ligne.
- Voir le progrès des stagiaires; enregistrés, en progrès ou certifiés.
- Voir les questions, le nombre d'essais, et leurs pourcentages.
- Activer de nouveaux comptes instantanément.
- Voir ou envoyer par courriel votre liste de mots de passe.
- Mettre à jour l'information du compte et le nom des employé(e)s.
- Tenir compte des certifications et des dates d'échéances.
- Voir et imprimer les certificats à votre volonté.
- Créer des groupes basés sur la fonction de l'emploi, location, etc.
- Placer les employé(e)s dans ces groupes pour faciliter la gestion et le triage
- Réactiver immédiatement les comptes expirés

Exemple:

Besoin de mettre à jour votre information de contact? SVP nous contacter par téléphone au 1.866.688.2845 ou par courriel à info@yowcanada.com.

SANTÉ ET SÉCURITÉ EN ONTARIO

En vertu du règlement en matière de formation et de sensibilisation à la santé et à la sécurité au travail de la Loi sur la santé et la sécurité au travail (LSST) de l'Ontario, tous les superviseurs et travailleurs qui travaillent en Ontario ont besoin d'une formation pour la SSSO. Cette formation répond aux exigences requise.

Deux versions disponible: Travailleur & Superviseur

DÉTAILS:

Cette formation explique vos droits et responsabilités en tant que travailleur ou superviseur qui travaille en Ontario ainsi que la nouvelle réglementation de la loi pour la santé et la sécurité au travail (LSST).

DURÉE:

Travailleurs: Environ 1 hour.

Superviseurs: Environ 1.25 hours.

SCHÉMA DU COURS:

- Introduction et législation
- Système de responsabilité interne
- Risques, contrôles et SIMDUT
- Conclusion & revue
- Exercices interactifs, tests et certificat

PROTECTION CONTRE LES CHUTES

Les risques de chute sont périlleux en milieu de travail et les employés qui travaillent à proximité de ces risques doivent avoir une connaissance et une formation adéquate pour travailler en toute sécurité. Notre formation pour la protection contre les chutes en ligne est une formation générale qui couvre la législation, la façon de reconnaître les risques de chute et la façon dont ils sont adressés.

DÉTAILS: Cette formation enseigne à vous et vos employés à travailler en toute sécurité autour des risques de chute. Chaque stagiaire reçoit un certificat d'achèvement.

Combiné avec une formation pratique et sur site, cette formation s'applique à ceux qui font ceci pour la première fois et pour ceux qui veulent une «formation de perfectionnement».

DURÉE: Environ 3 heures

SCHÉMA DU COURS:

- Présentation de la protection contre les chutes et règlements connexes:
- Élimination des risques et prévention des chutes
- Ligne d'arrêt:
- Aperçu du sauvetage d'urgence et de la protection contre les chutes
- Exercices interactifs, tests et certificat

Offert en anglais et en français

- ☑ Ordinateurs et ordinateurs portables
- ☒ Téléphones intelligents et tablettes

IMPORTANT:

Une formation spécifique de site supplémentaire est nécessaire et peut être ajouté au certificat de formation par l'employeur.

Cette formation n'est plus valide pour ceux qui travaillent à Terre-Neuve-et-Labrador et le secteur de la construction en Ontario.

LE TRANSPORT DES MARCHANDISES DANGEREUSES

Ces formations sont conçues pour donner aux stagiaires les connaissances nécessaires sur le transport des marchandises dangereuses en langage clair. Les formations portent sur la réglementation pour le transport terrestre au Canada et sont basés sur la fonction d'emploi du stagiaire.

La réglementation sur le transport des marchandises dangereuses dicte qu'un certificat de formation expire après 3 ans (à partir de la date de certification). Il y a des exceptions à cette règle:

1. s'il y a des changements aux règlements sur le TMD,
2. si la description de travail du stagiaire change,
3. si le stagiaire change d'employeur

Pour plus d'informations sur la réglementation TMD, s'il vous plaît visitez le site Web de Transports Canada à www.tc.gc.ca

DÉTAILS: Ces formations répondent aux exigences de formation établies par Transports Canada pour le transport terrestre et enseigne les superviseurs, les gestionnaires ou tout autre travailleur comment être en conformité avec le Règlement sur le TMD.

FORMATIONS DISPONIBLES:

ID du produit:

- TMD pour Tous les Travailleurs (bilingue) yow016
- TMD pour Conducteurs (bilingue) yow017
- TMD pour Expéditeurs / Récepteurs (bilingue) yow013

Les formations sont basées sur la fonction de travail et chaque stagiaire reçoit un certificat TMD, valable 3 ans.

DURÉE: Environ 3 - 4 hours.

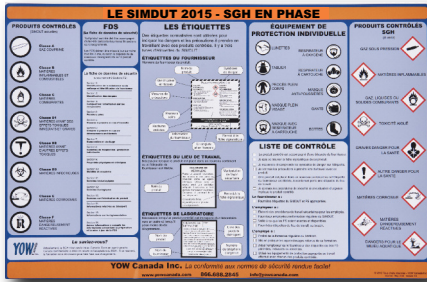

Offert en anglais et en français

QTÉ	PRIX (par personne)

CONTENU:

- Introduction au SIMDUT (1988) et SIMDUT 2015
- Symboles de danger du SIMDUT (1988) et SIMDUT 2015
- Les étiquettes
- FS / FDS
- Équipement de Protection Individuelle
- Glossaire
- Liste de contrôle
- Séction pour des remarques

SIMDUT 2015 EN LIGNE

N'oubliez pas! Tous les employés doivent avoir une formation SIMDUT mis à jour à partir du 1er décembre 2018.

Les employés qui viennent en contact ou qui sont susceptibles d'être en contact avec les produits contrôlés ou les matières dangereuses au travail doit prendre cette formation.

Le Système d'Informations sur les Matières Dangereuses Utilisées au Travail (SIMDUT) est un système de communication de danger qui incorpore:

- étiquetage spécifique des produits dangereux,
- Fiches de données de sécurité qui donnent des détails sur les produits, et
- la formation des travailleurs afin qu'ils sachent comment travailler en toute sécurité avec ces produits.

Beaucoup de travailleurs au Canada utilisent ou sont exposés à des produits contrôlés au travail tous les jours. Certains produits contrôlés communs peuvent inclure: produits de nettoyage, les dégraissants, les extincteurs d'incendie, de l'essence et plus. Vérifiez vos produits.

DÉTAILS:

Le SIMDUT 2015 est le programme le plus à jour qui inclut la mise en œuvre du SGH

Cette formation est une manière efficace et interactive de vous tenir à jour sur les conditions de formation pour le SIMDUT. Un certificat de formation est distribué après l'achèvement.

DURÉE: Environ 1 heure, 30 minutes

SCHÉMA DU COURS:

- Introduction
- Les rôles et responsabilités
- Les symboles et les étiquettes
- Les produits contrôlés et les fiches signalétiques
- SIMDUT 2015 - SGH en phase
- Exercices interactifs, tests et certificat
